FREE STANDING BASIN

WEIGHT OF BASIN: 8 kg
BASIN WIDTH: 490 mm
BASIN LENGTH: 365 mm
BASIN DEPTH: 145 mm

The Oceania is a free-standing, counter top basin.

OCEANIA FREE-STANDING BASIN INSTALLATION GUIDE:

1. Prior to installation remove the basin from carton and inspect for transport damages to the basin.
2. Position the basin on the counter-top.
3. Mark out the waste outlet on the counter-top.
4. Cut the required shape as marked.
5. Install waste to the basin.
6. Place the basin in the cut-out and fix using mildew resistant, silicon of an approved type. Clean away excess silicon from around the basin.
7. Connect the waste to the trap outlet.
