

# HTE 4

PRODUCT-NO.: 073007

The HTE Electronic is a highly acclaimed hand dryer, not least because it operates extremely quietly. An intelligent IR proximity sensor switches the unit on when hands are held 6 to 12 cm below the air outlet, and off again when the hands are moved away. The robust casing protects the delicate technical interior against damage. Its rounded design also prevents objects, such as cigarette butts, from being deposited on top of the casing.

## The main features

Maintenance-free, reliable operation

---

Low operating costs

---

Very hygienic due to contactless operation

---

Especially quiet

---

Vandal-proof thanks to impact-resistant metal casing

Type	HTE 4	HTE 5
Part no.	073007	073008

## **Installation information**

Please ask your local power supply utility or a registered electrician to install appliances that are not fully wired, i.e. ready to plug in. The electrician should also be able to assist you with obtaining the agreement of the respective power supply utility required for the appliance installation.
